

Welcome

The Abatjour Hotel, newly built and opened in June 2007, is located less than a kilometer away from Mantova, in a quiet area, and has plenty of parking spaces available. The centre can be reached through city buses, transiting with good frequency. Nature and sports lovers can also benefit from the "Lake View" Mantua & Peschiera circuit , whose path begins near our home. The management provides guests bicycles, which can be rented for several days.

The Abatjour Hotel has 14 rooms, more than enough to guarantee privacy, quietness, quality and excellent services. All elegant rooms are spacious, as well as equipped with private bath, air conditioning, satellite TV, telephone, minibar, safe and Wi-Fi connection for broadband Internet surfing. In the design phase, particular attention has been given to the selection of furniture and interior decoration. For more information and details, please see the specific page of the site.

The Abatjour Hotel also has rooms for the disabled. An elevator is accessible to all guests. The smoking area is located on the lovely terrace outside, protected by umbrellas and also furnished tastefully. At the reception is on the fax service.

The Abatjour Hotel hosts permanent exhibitions, especially contemporary artists, with special attention reserved for photography.
